My ~~the~~ best Photo

Hello all,

Now I'm going to tell you about the most important for me, as a photograph photo. Maybe, you don't find this photo so breathtaking or interesting, but for me this photo is the best.

On this photo I ~~took~~ took my best friends on our first camping where we were without our parents. Our camping was in the forest, and, by the way, we lost there for several hours, but we could find a way out, because my best friend came up with a plan. We listened to his plan and in the end it helped us to get out of forest. Actually, we were happy this time, because we can leave this place.

~~This photo is so important for me,~~

In the end, I want to ^{tell} say you about important of this photo for me. This photo is ~~so~~ important, ~~for me~~, because this was my first photo and I took it for my best friends. ~~It was~~ ~~I wanted~~ on our first camping on our package holiday.

WRITING

A photo that is very important to me, one of the most important in fact, is the picture of the village, taken ~~from~~^{on} the top of the hill.

The hill ~~that~~ where this photo was taken is about 22th from the ground. At the center of the photo is a small village where i have been hanging out with my grandparents every summer. In the corner of the photo is a tiny lake where me and my grand father were fishing. Lots of tall wide trees with beautiful yellow, red and orange leaves surround the village from every side. I took this photo myself when i was 7 years old. I remember how breathtaking was the view from that hill. I wandered around for an hour, looking for better place to take a photo so i could show this to my classmates.

I've been so happy returning to the village and didn't want to leave when summer was over. My grandparents are the most nice people in the ~~the~~ world and i'm so thank full to them for all those good times. I haven't been vising them for 3 years ~~but~~^t we still chat on the phone sometimes. Today i came up with the plan of what i want do to when i'll finally decide to return to my small tiny village. One of those things is to go back to that hill and climb on top of it. Mayby it'll give me the some warm nostalgic feeling that i always ~~felt~~^{feel} fill when i look at the old photo.
